TOPIC 16: CALL TO ACTION

Allah tells us to "Call to the way of your Lord...". Allah is talking to us and telling us to make the call to Him, give dawah. Imagine if this was our parents or our boss – how quickly would we do it? If you know something it is true, then share it.

If we reflect over our ummah today, we can sometimes be quite saddened or demotivated by our situation! But there is hope. The Prophet (peace be upon him) spoke the truth: "This matter (Islam) will reach where the night and day reach, and Allah will enter it into every home, even if they were made from mud or hair, by the might of those who are mighty, and the disgrace of those who are disgraced; with glory that Allah glorifies Islam, and disgrace that He will disgrace disbelief with." (Ahmad). This is a guarantee from Allah. It is going to happen—with or without us! The question is: will we be a part of it or not?
